

## PowerEdge T130

Powerful and reliable 1-socket tower server for collaboration and productivity applications in small office/home office (SOHO) and small and medium businesses (SMB).

The Dell PowerEdge T130 is an outstanding first server or replacement server for driving collaboration and productivity applications in SOHO and SMB. It provides 100% more memory capacity, drives 2x I/O data throughput, and delivers 100% faster IOPS performance compared to the previous-generation PowerEdge T110 II server.

### Discover greater versatility

Harness data growth with up to four internal 3.5-inch cabled hard drives. Grow memory capacity through time with four DIMM slots supporting up to 64GB of DDR4 memory. Easily and flexibly attach external devices with eight external USB ports.

### Deliver powerful performance

Accelerate compute performance across a wide range of applications with the latest Intel® Xeon® processor E3-1200 v5 product family. Drive 33% faster memory performance with DDR4 memory compared to DDR3. Boost I/O data throughput with 4 x PCIe 3.0 slots driving 2x data throughput compared to PCIe 2.0. Deliver 2x IOPS performance with T130/PERC9 compared to the previous-generation T110 II/PERC8.

### Maximize operational efficiency

Deploy smoothly and rapidly with Dell OpenManage systems management solutions. Easily monitor system health and behavior with simple, intuitive Dell OpenManage Essentials console. Save IT administrator time by automating firmware updates.

### Innovative management with intelligent automation

The Dell OpenManage systems management portfolio includes innovative solutions that simplify and automate management tasks, making IT operations more efficient and more cost-effective throughout the server life cycle. Leveraging the incomparable agent-free capabilities of the PowerEdge embedded integrated Dell Remote Access Controller (iDRAC) with Lifecycle Controller technology, server deployment, configuration and updates are rapid, confident and worry-free. Monitoring and control of the T130 is provided by OpenManage Essentials and can also enable anytime, anywhere mobile access through OpenManage Mobile.

## PowerEdge T130

- 1-socket tower server with a choice of latest Intel Xeon E3-1200 v5 processors
- Up to 4 x DDR4 DIMMs
- Up to 4 x 3.5" hard drives
